

Srikanth Reddy Matta

9398452627 | srikanthreddymatta47@gmail.com | Telangana, India

SUMMARY

- Proficient in Java, HTML, CSS, JavaScript, and React.js with a strong foundation in software development and problem solving.
- Experienced in building projects using machine learning, computer vision, and web technologies.
- Committed to applying technical skills to develop innovative solutions and continuously improve system performance.

SKILLS

- Java programming and development
- HTML, CSS, JavaScript, React.js
- Database (MySQL)
- Problem solving and analysis
- Git and GitHub version control
- VS Code development environment

EDUCATION

Bachelor of Technology

Computer Science and Engineering, Vignana Bharathi Institute of Technology (VBIT), JNTU (2022–2026)

CGPA: 6.7/10

Telangana State Model School & Junior College (TSMS), Telangana (2020–2022) Percentage: 86%

Telangana Social Welfare Model School (TSMS), Telangana (2020) CGPA: 9.7 / 10

PROJECTS

Traffic Management for Emergency Vehicle Priority Based on Visual Sensing

- Developed an intelligent traffic system using computer vision to detect emergency vehicles and prioritise signals.
- Used YOLO for vehicle detection and CNN models for traffic signal identification.
- Implemented CRNN for license plate recognition and LSTM for traffic flow prediction.
- Technologies: Python, OpenCV, TensorFlow, MongoDB, Tkinter, Flask/Django.

Ensemble Intelligence for Early Detection of Cardiovascular Conditions

- Developed a machine learning model for predicting cardiovascular disease risk.
- Applied ensemble learning techniques to improve prediction accuracy.
- Focused on early diagnosis support using patient health parameters.

LANGUAGES KNOWN

English, Telugu, Hindi
